Assignment 0

You must submit it electronically to ELMS. This is not a group assignment. Everyone needs to submit his/her own solution. This assignment is 1% in your total points. For the simplicity of the grading, the total points for the assignment is 10.

Problem 1 [4 pts]. Please write down your group member. Each group is of size 2-3. Any exception should be approved by the instructor.

Problem 2 [2 pts]. Briefly introduce about yourself (e.g., background, PhD/Master, which year in the graduate program, research interest, etc.).

Problem 3 [2 pts]. What topic(s) are you most interested in from this course?

Problem 4 [2 pts]. Do you expect to use anything learned from this course in your future work/research? If yes, can you briefly explain?
