Announcements

- Project #1 has been posted
- Quiz #1 will be on Friday

Project #1 Overview

- Project Description

- Submitting the Project
  - All of your files must be in the same folder
    - In your code, do not include path names for images!
  - Zip the folder
  - Upload the zip file to the "submit server"
  - Download and confirm the submission

Challenge Exercise

On the other screen is a webpage that I created. The style is terrible! (We need to learn about CSS.)

1. If you haven't already, create an HTML-5 template as described in the announcements

2. Starting with your template, try to create a page with the exact same elements as mine, but with content about yourself.

3. Try validating your code. If it doesn't pass the validator, you need to fix it.

4. Put your page on TerpConnect (if you want to)

5. Come to the computer in the front of the room and type in your URL so that we can see your work!

Fawzi Emad

Three "facts" about me. Two are true but one is false... Can you guess which one?

1. I have performed at the Kennedy Center
2. I have hiked to the bottom of the Grand Canyon and back in one day.
3. I have been pursued in a high speed police chase.

Some of my favorite links:

Recommended Link	Description
The Baltimore Orioles	Baseball is fun! Cal Ripken is my favorite player of all time.
The National Gallery of Art	I don't know very much about art, but I really enjoy looking at paintings.
